bea planter

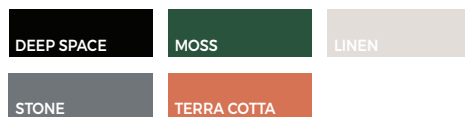

bea

Let your plants take shape with Bea's bold geometry and versatile design. Its hexagonal form allows multiple planters to fit together in a variety of arrangements, bringing structure and style to any space. Designed for both indoor and outdoor use, Bea is crafted from outdoor-grade, powder-coated steel for lasting durability. It ships flat and assembles quickly—no tools required. Available in three sizes and a curated palette of five colors, Bea lets you create a dynamic arrangement that's all your own.

Designed by Chris Pabst.
